

COURSE DESCRIPTION

1 UPPER NORTHSTAR

Gentle downhill slope. Blue, short in the right side trees. Red is slightly longer.

2 LOWER NORTH STAR

Downhill across dirt road. Red is to the left of Timberline sign or Blue is a little deeper in the left side trees.

3 TIMBERLINE DROP

Narrow fairway downhill. Blue is a sharp left around some Fir trees. Red is a slight right fade.

4 TIMBERLINE BOTTOM

Tree lined downhill throw. Dogleg left over left side fairway rock for Red. Blue is a long fade to an Aspen and Fir guarded pin.

5 UPWARD SENSATION

Uphill from right to left. Top left basket for Red or shorter on the left in the tall Aspens for Blue.

6 SOUTHSTAR/NORTHSTAR

Red pin is left side, down Southstar, behind island of trees. Northstar hold the Blue pin on the left side of trail behind rock pile.

7 SPLASH

Play over water hazard to low right placement for Red or left through a wall of trees for the Blue pin.

8 THE ABYSS

A long Heiser shot left for Red. Blue is short right. Both are seemingly easy, but if one gets away, your next shot will be from the Abyss.

9 ALTABIRD

Uphill fairway with both baskets dogleg left. Through the Aspens or around, your choice.

10 APEX

Fairway is fairly level. Blue placement is to the left in front, around stand of Aspens. Red is shorter, slightly downhill in the same stand of Aspens.

11 STAGECOACH CROSSING

Two different tee pads require an accurate mid-range shot to a pin nestled in some Aspens.

12 BUSHWACK

Believe it or not there are three good lines here. Right, through the Aspens. Left, through Fir trees, over tailings pile. For the Big Guns, it's up and over center trees. One pin was enough here.

13 OUT OF THE WOODS?

Straight ahead up a slight hill for Red. Dogleg right around a tall right side Fir for Blue.

14 THE FLATS

Level fairway playing straight ahead. Blue is tucked in the far trees, slightly longer than Red.

15 WHIPPER SNAPPER

Play straight ahead for Red. Play Blue as a big hyzer. Big consequences if you over shoot this one.

16 SAME STREET

Fairway to the right of the tower. Red is behind large Fir tree. Blue is longer near large Aspen.

17 RACE COURSE

Red is slight uphill, right to left. Blue is between Race Shack and large sign post, downhill.

18 MAIN STREET

A HUGE shoot down Main Street towards first tower on right for Red. Beware, Blue pin is shorter between two sections of bike trail. All holes are par 3.
